In spite of this rule, any swimmer who achieves a record time at any level (regional, provincial, national etc, whether age group or open) will not be recognized for that record unless the coach has advised the referee prior to the start of the session that there is a possibility of the record being broken, and the referee insures that the swimmer competes with competitors of the same gender for his/her heat.

In the event that mixed gender swims are permitted pursuant to this policy, the results must still be posted separately by the gender of swimmers.
